

## Recent Operations

By Paul Rardin

I almost got a new job Monday. It seems that the girls who are forming a couple of diamond ball teams in Pahokee need a manager. Somebody told them that I had more spare time than anybody else in the Lake Region. Here they came—a committee of them I considered the matter very seriously and said, "I'll take on the job." So maybe I'd take on the new job. Then, I thought of the coming season when I'd be on the go from early morn until late at night. Then, again, I happened to think that I'd have a lot of luck at home selling some things I wanted to do so, where would I stand when I started giving orders to 20. I guess it was the last thought, more or less, that caused me to decline the job.

But, the girls are getting along rather nicely and have formed a couple of teams that will be seen in the town on the following afternoon. At exactly 4:30 an on-field game will start on Lail field. The girls are anxious that a lot of people turn out and bring a few dimes along. That's the price of admission. I hope that when the dimes will be used to accumulate a fund to replace balls knocked out of the lot by home run hitters. I plan to be on hand this afternoon when that game starts—maybe I'll regret turning down that job.

Seems to me like elections come rather regularly in our section. The next on the town election date is in Belle Glade. It is set for September 14. A major and four councilmen will be elected. Arthur Wells has resigned his position on the council so he can run for Mayor. He will be succeeded by the man he recruited to resign since his term doesn't expire until next year, but Arthur wants to save the town the money of a special election in case he is chosen may men in the Everglades and one more job won't hurt him, should be successful in garnering enough votes to be elected. So far I am not informed as to his opponents or opponents.

Frank Hobson, Everglades football coach, is going to have a little well deserved help this year in coaching the team. He has been ill and has had his regular classes at the school and done the foot ball coaching on the side after school hours. Robert R. Benson of Jacksonville has been appointed to help Arthur. A contract was signed yesterday with the Lynn Fertilizer company to furnish fertilizer for the farms.

Officially the company late yesterday afternoon stated that Frank Hobson, coach of Belle Glade to take charge of the bookkeeping department. Mr. Mole, a brother-in-law of Innman Weeks of Pahokee, and Mr. Bertie Reiter, coach of the Everglades team, will assist him. The maintenance of close contacts now will aid the coastal section when the road to Miami is opened, he predicted.

The four growers connected with Unity Farms, Inc., own all the land they farm and believe that from their acreage will keep the packing house busy the major part of the time. Future plans may not perfectly whereby the organization will be able to offer other farmers, but this is not in the schedule at present, it was pointed out.

Officially the company late yesterday afternoon stated that Frank Hobson, coach of Belle Glade to take charge of the bookkeeping department. The maintenance of close contacts now will aid the coastal section when the road to Miami is opened, he predicted.

Mrs. L. T. Creech, Jr., Dies at Hot Springs

Accompanied by her husband, L. T. Creech, Jr., of Belle Glade, and mother, Mrs. Effie Coppagee Creech, she arrived in West Palm Beach at 2 o'clock yesterday from Hot Springs, Ark.

Mrs. Creech died there of lobar pneumonia at noon yesterday.

With her husband, she had gone to Hot Springs to make arrangements for her mother's funeral.

She was stricken there recently.

When her condition became critical her mother flew to Hot Springs.

As Miss Morrell Coppagee she came to the Everglades to find a home to make her home with her aunt, Mrs. Norman Starling. She was married three years ago. In addition to her husband and mother, she is a widow.

Her husband and mother are not so good. As a member of the legislature that passed them I can only say that I voted for the ones I thought were good and cast a vociferous NO against the ones I thought weren't for the betterment of the state.

Jack Hughes, president of the Pahokee Junior Chamber of Commerce, told me yesterday that all plans are made for the big Modem Mortuary in the Legion pavilion. Jack says that the seven vaudeville acts will be well worth the dollar that is being charged—not to say anything about the free movie and free buffet supper. He said they are not planning to serve lemonade.

Vacations returning. Tractors

returning. Activity picks up. Things are going on in the lake region.

Everyone is getting ready to plant vegetables. Just a few weeks' time

make a big difference in the looks of the country.

The burly bush of market-

Seems and other vegetables

will be the order of the day.

## Unity Farms Is New Vegetable Growing Firm

## Four Growers of Pahokee Buy Rhoades Packing House at Pelican Lake

Unity Farms, Inc., is a new concern in Pahokee which will grow and market winter vegetables.

O. H. McClure, Frank Friend, M. C. Todd and Earl Smith are the incorporators of the new organization,

which recently bought the Rhoades packing house at Pelican Lake where operations will be carried on in the future.

Officials of the new concern said yesterday that present plans call for the raising of the remaining packing house in an effort to help for the coming vegetable season.

Two new grading

will be added to the belt

and conveyor belts to vegetable

from the belts to the cars.

Minor improvements will be made before the season starts in order

that the offerings of the four groves

will be in an efficient

and convenient manner.

The combined acreage of the four groves will mount to the 1400 acre mark, it was said yesterday.

The major portion of the land is

located in the west unit of

the Pahokee Drainage district.

Pelican Lake Drainage district

and Pelican Bay. To date only

work being done on State Road

26 to Hollywood and Miami

which may divert some of the business

to the southward.

The four growers connected with Unity Farms, Inc., own all the land they farm and believe that from their acreage will keep the packing house busy the major part of the time. Future plans may not perfectly whereby the organization will be able to offer other farmers, but this is not in the schedule at present, it was pointed out.

Meers, Friend, McClure and Todd, accompanied by Roy Segree, returned yesterday from New York where they completed arrangements for an outlet for their vegetables.

## TOO LATE TO CLASSIFY

By Russell Kay.

CLEVELAND: Darn this guy Earl Brown! Here I was trying to stay home and behave myself this summer and along comes with a mess of temptation in the form of an invitation to visit the Florida Exhibit at the Great Lakes Exposition. It's part of the "Florida Week" festivities. Now you know I can stand just about anything but "temptation" and Earl has a way of "dishing" it out that just naturally sweeps a fellow right along. So far, I am back in Cleveland and as the cards say, "Havin' is good time and wish you were here."

Last year it seemed to me that we had just about as complete and up-to-date drainage system as it was possible to create. It overshadowed everything else on the grounds and stole the show from the day the gates opened, but I'm telling you it's so much more than that. It's probably the new show and I guess it's a good thing they are going to close the Exhibition this year if it went much farther they'd have to change the name and read "See the Great Lakes Exposition at the CLEVELAND NATIONAL EXHIBIT IN Cleveland."

Florida week, this year, is the highlight of the entire "show" and the exposition officials have quit every other activity to act as hosts to a raft of Florida dignitaries that extend from His Excellency Governor Fred P. Cone down to your local white-beard that gives a maniacal laugh but forgets ME trying to tell Fred what to say and when to say it!

Monday thousands of exhibit visitors and countless radio listeners, citizens and tourists, publisher of Liberty, Physical Culture and a score of national periodicals, extol the healthful advantages of Florida's climate, the sun, the sand, the fruits and vegetables, and advocate permanent residence to those who would extend their span of years.

Wednesday, Dr. Cole, president of the Florida State Chamber of Commerce, ably presented the facts that make Florida so inviting to the tourist and investor.

Each day this week some 15,000 Floridians have participated in various exhibits especially arranged to stress the varied resources and opportunities the state offers. Climaxing the week will be Agricultural Day, Saturday, with Hon. Nathan Mayo as guest speaker and Governor's Day, Sunday, with Fred Cone in his own inimitable style, will personally extend Florida's greetings to visitors and listeners and officially dedicate the new features of the exhibit.

Although the first week is indeed and one that means much to Florida in an advertising way. Altogether it is a week well used and it means much to Florida in an advertising way. Cleveland newspapers, radio stations and Exposition officials have been most generous in giving space, time and attention to the "Week." The value of the immense amount of publicity secured for the state is a direct result of this special program alone. It is difficult to estimate.

The day of my arrival at the Exposition the two million visitors paid the admission fee for the year, bringing the total to over eight million who have attended the Exposition during the two seasons to date. But it boosts the Florida Exhibit attendance records to a total of 20,000,000 when we go back to the opening the first weekend at A Century of Progress in Chicago, add the attendees at the

## Cole Would Tell Visitors In State Story of Florida

### Suggests Part of Citrus Fund Be Spent in State Papers

Jacksonville, Aug. 19—Florida newspapers as a whole are split back of Harold Cole, president of the Florida State Chamber of Commerce, in his advocacy of using funds in the chamber's treasury as part of their regular appeals, according to a statement received today from the State Chamber of Commerce.

At top time has President Cole declared citrus advertising funds should be used for any purpose other than advertising citrus. Furthermore, he has been stressing his concern toward diversifying citrus funds to any other channel it was said.

"More than a million invited guests are in the state during the

### Up in the Morning Feeling Fine!

The refreshing relief so many folks say they get by taking Black Draught for certain minor, more or less temporary, complaints is due to the fact that the medicine contains the following: When the ingredients are combined to form a syrup, the taste is not too strong. This is the reason why so many physicians prescribe it for the treatment of children.

### Sentinels of Health

#### Don't Neglect Them!

Nature designed the kidneys to do a marvellous job. That's why it is important to keep them in good condition. The living conditions of today are not always conducive to the kidney's normal function. When the kidneys fail to function as Nature intended, the body becomes tired, weak and listless. The kidneys are the body's filter, removing wastes and impurities. When the kidneys are not functioning properly, the body becomes tired, weak and listless.

Frequent visits to a doctor are the best way to keep the kidneys in good condition. Proper treatment is a definite medicine to help the kidneys function properly. Don't neglect them. See your doctor.

DOAN'S PILLS

Rockefeller Center above and the "season." These visitors are deeply interested in Florida and the Miami House here to date.

And the advantage is Florida now has thousands of dollars worth

of marvellous exhibit material citrus industry is constantly ready for display at any time.

Advertising is directed toward an opportunity to talk to our visitors, as well as the people of the state would be one of the finest advertising investments the Citrus Commission could make," declared President Cole.

Business men and public have been

generating through the state regarding the proposed State-wide advertising campaign by the Advertising and Publicity Committee of the Florida State Chamber of Commerce.

Businessmen and women and the

citizenry generally are conscious

of the vital need for an adequate advertising campaign throughout the state.

We are obligated to advertise Florida nationally as a whole.

"The source of the proposed advertising fund is a matter of a wide range of ideas.

"In advocating a National advertising campaign for Florida the State Chamber has come up with an organization and administration such a fund. The State Chamber itself is not interested in the source of the fund; except that it is derived

from the activities of the state as a whole. The fact that the state legislature did not make an appropriate appropriation for this purpose is a matter of record.

## Pahokee PERSONALS and Canal Point Society

Mr. and Mrs. J. C. Berry, who have spent the past several months in Okeechobee, where Mr. Berry operated a funeral home, have returned to Pahokee to reside. The funeral home in Okeechobee will be under the direction of Marvin Berry, a brother of the mortician. Mr. and Mrs. Berry are now moving to West Palm Beach and Mr. Bishop will be connected with the Junior college. Mrs. Bishop will teach music in the Lake Worth schools. Mr. Bishop was principal of "model" schools for several years and was succeeded last year by P. E. Walker.

Mr. and Mrs. W. A. Howell and son, William, spent Sunday in Lake Worth as the guests of Mr. and Mrs. Bishop.

Mr. and Mrs. J. H. Hutton and children spent the past weekend in Dania as guests of Mrs. Hattie Stanley and family. Mrs. Stanley and children returned to Pahokee and are making their home in the recently completed bungalow of Arch Blakely in the Bailey subdivision.

Mr. and Mrs. Robert Mackey and children, accompanied by Mr. and Mrs. J. T. Mackey, have gone to Alabama, where they will visit relatives there.

Edward Gates has returned to his home in Tampa after visiting his brother-in-law, Mr. and Mrs. Ansel Holt. Mr. Gates was accompanied by Mr. and Mrs. Holt, who returned to Pahokee after the week end.

Mr. and Mrs. W. G. Smith and children have returned to their home here after spending several weeks in Asheville, N. C. While away, they visited New Orleans, O. B. McRae, Frank Freidin, M. C. Tracy and Ned Segree have returned to their homes here after making a trip to New York City.

Mr. Arch Blakely, who spent several weeks with his parents in Arkansas, returned to his home here Sunday.

### MISS STUCKEY WILL COME TO PAHOKEE HOME SUNDAY

Miss Elizabeth Stuckey, daughter of Mr. and Mrs. L. L. Stuckey, who had been staying in a Miami hospital has recuperated sufficiently to be brought to her home in Pahokee Saturday. Mr. and Mrs. Stuckey have been spending several days with her in Miami, since their return from Europe.

The correct plural of teaspoonful is teaspoonfuls.

### THREE NEW BUSINESSES

Telephone, telegraph, cable and radio and short-wave radio are all in Florida to serve the Sunshine State, affirms the Florida State Chamber of Commerce.

Many early American forts in Florida have been the ancestors of many present-day Florida cities, avers the Florida State Chamber of Commerce.

Arthur Wells, who recently returned from a tour of the country, N. C., will speak in Miami City recently.

Mr. C. F. Denton, Mrs. H. H. Mitchell, Mary Louise Mitchell, next examination must be in the

### MOST MODERN

### OF ALL BEVERAGES

If you were asked what's the newest beverage that is being consumed, from the Atlantic to the Pacific and from Maine to Mississippi, you'd make a safe answer—tomato juice. Tomatoes, which were thought to be poisonous to health, are now being served new to our tables, but the drinking of the juice pressed from them is a recent development in the last few years that it is now one of the major contributions to the food industry. There are a number of reasons for this, all good, but the chief reason is that tomato juice just tastes so tasty everybody.

It is perfect natural food and a great beverage. And, as everyone has taken a shot at making variations of it, some people are getting the idea to make it themselves and save the vegetables themselves for other dishes. Others prefer the prepared canned tomato juice with seasonings added. Still others try to make the silly, and concoct combinations of tomato juice and other ingredients. Tomato juice is a beverage of which you do not think twice about it, because how some people have tried to vary it. Here are a few examples:

*Tomato and Cucumber Cordial:* Slice one medium cucumber thin with a sharp knife. Simmer together for thirty minutes three cups strained tomato juice, two cups water, one cup sugar, the sliced cucumber, one teaspoon salt, one tablespoon sugar and a few grains pepper. Strain and add to the juice. Serve cold in glass cocktail cups. Serves eight.

*Tomato and Celery Cocktail:* Strain three cups strained tomato juice, three cups water, one cup celery juice, one cup strained lemon juice, one cup sugar, one cup Worcester sauce, one teaspoon pepper, one teaspoon salt and one slice onion. Strain and cool. Serve cold in cocktail glasses. Serves eight.

*With Charged Water:* Sparkling Tomato Beverage: One cup of one lemon, one tablespoon sugar and one cup of water to the contents of two cans tomato juice, and have very cold. Add salt and sugar to taste.

Four spoons sugar, a few drops of Worcester sauce and one-half cup lemon juice and one-half teaspoon Worcester sauce and dash of Tabasco sauce. Mix well and strain. Serves six cups.

*Tomato and Lemon Pickle-Me-Up:* Add one tablespoon sugar, the juice of one lemon and a few drops of Worcester sauce to four cans tomato juice and chill overnight. Also chill one-half pint grape juice overnight in the morning. Pour the two and serve at once. Makes four small glasses and is recommended as an excellent coffee substitute for the morning after the night before.

## SOUTH BAY

W. C. Allen attended the American Legion conference of the fifth district in Port Pleasant recently.

Jane Wiley has returned to Belle Glade after visiting in Mid-Devon, Ga.

state office by September 4, 1937. Since any application which is received after that day will not be considered for the examinations of September 18, all interested persons are urged to write for application blanks at once.

Those persons who failed the last examinations are urged to re-examine and if interested should make application by letter to the State Merit System Committee, Exchange Building, Jacksonville, Florida.

### Would Have State Get the Credit for Its Annual Tobacco Crop

Live Oak, Aug. 19—All doubt

that the new municipal bankruptcy bill will pass, but the state might be declared unconstitutional by Senator Hugo Black to the Supreme Court, Rep. J. Mark Wilcox, author of the bill declared today.

Rep. Wilcox voted both for the original bankruptcy bill and for the new one which just passed. "This certainly shows the new Supreme Court Justice believes in bill constitutional," he said.

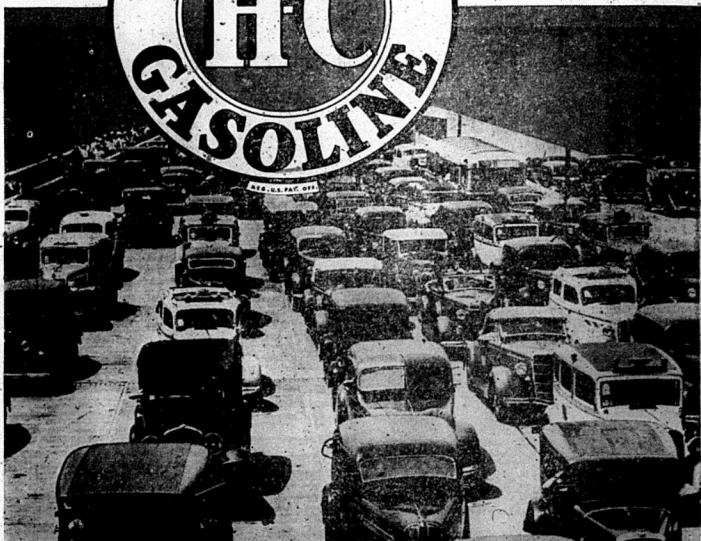

He pointed out that Van Devan, who Black replaces on the high court, was one of the five justices who voted against the original bill in the controversial five-to-four decision.

Pointing out that in the interim before the law was declared unconstitutional, Florida municipalities and drainage districts were given the right to issue bonds for the payment of debts downgrading excess of eleven million dollars, Wilcox said: "There are at least as many more who are waiting to take advantage of the new law, so that the total savings under the new bill to individual taxpayers will be in excess of \$100 million dollars," Wilcox pointed out.

Congressman Wilcox fought the original bill through in his very first term in Congress in 1933, again calling it unconstitutional.

Undoubtedly when the high court declared the original bill unconstitutional, he sat about to draft a new bill which would overcome the objections of the court.

Prior to 1914, Florida produced 33,000 bales of Sea Island Cotton annually, valued at three million dollars; introduction of the boll weevil cut the industry down to only 15 bales in 1934, declares the State Chamber of commerce. It is now coming back.
